RE: Covid-19 Update

Dear Resident:

Please be advised that the City of Lake Winnebago was notified that four City employees have tested positive for Covid-19 this week.

As an immediate response to protect the health and safety of our workforce and our public we will continue to follow the Center for Disease Control (CDC) and Cass County Health Department guidelines. This includes sanitizing all office areas and all City vehicles.

The City will not be disclosing the names of individuals that tested positive.

We now have a tab on our website under Communication for Covid-19 updates, www.cityoflakewinnebago.com.

Let us continue to work together and use common sense to keep our community safe.

Stay Safe,
